HYC is a HUBZone-certified general contractor and logistics provider headquartered in Saipan, with owned equipment, warehousing, and crews on Saipan and Tinian. Primes performing Army LOGCAP, Air Force AFCAP, and NAVFAC Marianas construction work use HYC for on-island execution — and HYC subcontracting counts toward small-business and HUBZone subcontracting goals.

CORE COMPETENCIES

Base Life Support & Logistics

- Billeting, workers' camps & hotel inventory
- Portable sanitation, refuse & waste removal
- Generators, light towers & power
- Port drayage & Tinian–Saipan freight

Construction & MILCON Trades

- Site preparation, earthwork & horizontal work
- Concrete, structural & building trades
- Water & sewer utility construction
- Renovation of aviation & public facilities

Equipment, Warehousing & Staging

- 80+ owned units, excavators to 50 tons
- Operated or bare rental; in-house mechanics
- 126,000+ SF warehousing incl. 52,000 SF Tinian hub
- 95,000+ SF fenced staging at Saipan HQ
